## Section G - Contract Administration Data

## CONTRACT ADMINISTRATION

a. Following award, this contract will be administered by the 354th Contracting Squadron. The name, address, telephone number, and fax number of the Contracting Officer is:

Gerald F. Jacobs	
354 CONS/LGCA	Phone: (907) 377-2464
354 Broadway Ave Unit 5B	Fax: (907) 377-2547
Eielson AFB, AK 99702	gerald.jacobs@eielson.af.mil

b. The Contracting Officer is the only person authorized to approve changes or modify any of the requirements under this contract and notwithstanding any provisions contained elsewhere in this contract, the authority remains solely with the Contracting Officer. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in cost incurred as a result thereof.

c. Contractual problems, of any nature, which might occur during the life of the contract must be handled in accordance with very specific public laws and regulations (e.g. Federal Acquisition Regulation), and must be referred to the Contracting Officer for resolution. Only the Contracting Officer is authorized to formally resolve such problems. Therefore, the Contractor is directed to submit all such contractual problems to the immediate attention of the Contracting Officer.

d. Any request for contract changes/modifications shall be submitted to the Contracting Officer.

e. All correspondence concerning this contract, such as requests for information, explanation of terms, and contract interpretations, shall be submitted to the Contracting Officer.

## DESIGNATION OF TECHNICAL REPRESENTATIVE

The Eielson AFB Civil Engineer, or his authorized representative, is designated as the Contracting Officer's Representative (COR) for the purpose of technical surveillance of workmanship and inspection of materials for work being performed under this contract. This clause in no way authorizes anyone other than the Contracting Officer to commit the Government to changes in terms of the contract.

## POST-AWARD/PRE-PERFORMANCE CONFERENCE

A pre-performance conference in accordance with FAR Clause 52.236-26, "Pre-construction Conference," in Section I shall be scheduled by and held at the office issuing this solicitation prior to the commencement of any work under the contract which will be awarded as a result of this solicitation and offer. The contractor or his duly authorized representative shall be required to attend the pre-performance conference.

## ELECTRONIC INVOICING, SUPPLEMENTAL INFORMATION – CONSTRUCTION

1. IAW DFARS 252.232-7003, Electronic Submission of Payment Requests, Eielson AFB is set up to receive electronic invoices through Wide Area Work Flow (WAWF). WAWF significantly accelerates all aspects of the invoicing process by removing the need for paper copy transmission of documents (i.e., faxes or snail mail). In addition, contractors using WAWF will be able to check on the status of submitted invoices by simply logging into the WAWF website.

2. Electronic submission of invoices is required unless an exception at DFARS 232.7002 is met. Any request to submit a non-electronic invoice IAW DFARS 232.7002(6)(i) must be submitted in writing to the Contracting Officer and shall state why the Contractor is unable to submit an electronic invoice.

3. Contractors may self register with WAWF by logging onto the website: <https://wawf.eb.mil/>.
4. If a Preconstruction Conference (PRECON) is held, additional information on invoicing via WAWF will be provided during this meeting.
5. Before invoicing in WAWF, the contractor must submit an AF Form 3065 for government review and approval. The government will review and return the AF Form 3065 as either approved or disapproved. The contractor may submit an invoice only after receiving approval on the AF Form 3065. Any invoice submitted prior to government approval of the AF Form 3065 will be immediately disapproved.
6. Use the information below when submitting an invoice in WAWF

Invoice Type: Construction Invoice  
Admin DoDAAC: FA5004  
Contracting Officer: F1U3TR  
Paying Official DoDAAC: F67100

The use of extensions is not necessary and may result in delays and/or rejection of invoices.

## Section H - Special Contract Requirements

### 1. BONDING REQUIREMENTS

a. Bid Bond. Each Offeror shall submit, with its proposal, a bid (offer) guarantee in the form of a Bid Bond (SF 24) with good and sufficient surety or sureties acceptable to the Government, or other security as described in FAR 52.228-1, Bid Guarantee. The required amount of the Bid Guarantee is twenty percent (20%) of the proposal price. The penal sum of a Bid Bond may be expressed in terms of a percentage of a bid price or as a stipulated monetary amount. When the penal sum is expressed as a percentage, a maximum dollar limitation may be stated.

b. Performance and Payment Bonds. In accordance with the Miller Act (40 USC 2701-270f), the Offeror to whom award is made shall, within ten (10) Calendar days after date of award, furnish a performance bond (SF 25) and a Payment Bond (SF 265a), each with a good and sufficient surety or sureties acceptable to the Government. The penal sum of the performance and payment bonds shall equal one hundred percent (100%) of the contract price. If the contract price increases by modification to the contract, an additional amount equal to one hundred percent (100%) of the increase will be required.

### 2. REQUIRED INSURANCE (IAW FAR 28.306(b))

Reference FAR Clause 52.228-5, Insurance Work on a Government Installation, the Contractor shall, at its own expense, procure and thereafter maintain the following kinds of insurance with respect to performance under the contract:

a. Workers' compensation and employer's liability Insurance: \$100,000

b. General liability: \$500,000 per occurrence.

c. Automobile liability: \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage.

### 3. STATE/LOCAL REQUIREMENTS

The state of Alaska currently requires that all residents of the North Star Borough maintain a current certification stating the vehicle has passed the required North Star Inspection and Maintenance (I/M) Program (Exceptions are listed in 18 AAC 52.005 (f)). A Borough resident is defined as any individual who regularly commutes to the area covered by the program. Regularly commuting translates into 30 days or more of being in the Borough. Therefore, all contractor vehicles that will be on Eielson AFB controlled lands within the Borough will be required to have a current I/M certification for their vehicle. Failure to do so may result in expulsion of the vehicle from the installation until a current I/M certification is obtained. Within 15 days of becoming employed in the State of Alaska, an out of state vehicle must be registered in Alaska and bare Alaska license plates.

### 4. FIRE SAFETY REQUIREMENTS

The Contractor shall obtain a permit from the Base Fire Department prior to conducting any welding or soldering or whenever the use of open flame is necessary during the construction phase. The Contractor and his employees will be required to adhere to any AFOSHA and OSHA requirements.

### 5. SEATBELTS

The wearing of seatbelts by operators and passengers of all privately owned and Government vehicles, excluding motorcycles, is mandatory whenever the vehicle is in motion on a military installation. The failure by any occupant of a vehicle to comply with this requirement will result in denial of entrance to the station. Violation of this requirement by any occupant of a vehicle traveling on Eielson AFB will result in the driver of the vehicle losing

his/her driving privileges on Eielson AFB as follows: First offense: a 7 day suspension; Two (2) seatbelt violations within a 12-month period: 60 days suspension; Three (3) seatbelt violations within a 12-month period: 6 month suspension. In accordance with Alaska Statute 28.05.011 (13 AAC 04.270), certain older vehicles may be legally operated despite the unavailability of seatbelts in the vehicle. State law and the U.S. Department of Transportation require, however, that every passenger car manufactured after 1 January 1965 must be equipped with lap seat belts for use by the driver and one other front seat position. Drivers operating vehicles manufactured after the dates described above and which have had the lap or shoulder belts removed or otherwise rendered inoperable are not exempt from the base seatbelt requirement.

## 6. WORK SCHEDULE

a. Working hours for the Contractor will be between the hours of 7:00 am through 7:00 pm at Eielson AFB excluding Saturdays, Sundays, and Federal holidays. The following federal holidays are observed at Eielson AFB:

New Year's Day	Labor Day
Martin Luther King's Birthday	Columbus Day
President's Day	Veterans Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

b. If the Contractor desires to work during periods other than the above, additional Government inspection forces may be required. The Contractor must request permission to work outside the normal work schedule no later than three days in advance of his intention to work during other periods to allow assignment of additional inspection forces when the Contracting Officer determines that they are reasonably available. If such force is reasonably available, the Contracting Officer may authorize the Contractor to perform work during periods other than normal duty hours/days; however, if inspectors are required to perform in excess of their normal duty days solely for the benefit of the Contractor, the actual cost of inspection at overtime rates may be charged to the Contractor. These adjustments to the contract price may be made periodically as directed by the Contracting Officer.

## 7. WEATHER CONDITIONS

Historical climate conditions for Eielson AFB can be found on the World Wide Web at <http://www.wrcc.dri.edu/summary/climsmak.html>. Offerors are encouraged to review the data for Eielson AFB, AK prior to proposal submission.

## 8. REQUIRED DATE FOR MATERIAL SUBMITTAL/SHOP DRAWINGS

- a. Material submittals as required by Section I, Clause 52.236-5 entitled "Material and Workmanship", and shop drawings as required by Section I, Clause 52.236-21 entitled "Specifications and Drawings for Construction", are listed on "Schedule of Material Submittals" attachment.
- b. Contractor shall submit shop drawings and material submittals in accordance with the contract or as otherwise directed by the Contracting Officer.
- c. All shop drawings and material submittals shall be prepared and submitted in accordance within this Section entitled "Material Approval Submittal Form".
- d. In the event the Contractor cannot meet the established dates for submission of material submittals or shop drawings, he will advise the Contracting Officer verbally and in writing and arrange a mutually acceptable date that will not delay progress of the work.

## 9. MATERIAL APPROVAL SUBMITTAL FORM (AF FORM 3000)

- a. All materials and articles requiring approval, as contemplated by the Materials and Workmanship clause shall be submitted by the contractor, by means of AF Form 3000. The Contracting Officer shall establish a suspense date on action to be taken on submittals and retain the fourth copy for necessary follow-up action.

b. In so far as practical and before commencement of work, the Contracting Officer shall inform the contractor of the materials or articles requiring approval.

#### 10. CONTRACT PROGRESS SCHEDULES AND REPORTS FOR CONSTRUCTION CONTRACTS

a. AF Form 3064, Contract Progress Schedule, shall be used to satisfy the requirements of the Schedules for Construction Contracts clause (FAR 52.236-15). Upon submission of the initial AF Form 3064, the Contracting Officer and Civil Engineer shall carefully evaluate the percentage of the total job assigned to each work element. Particular attention shall be devoted to those elements to be performed in the early stages of the effort to preclude overstatement that would result in an imbalance in payments and exceed the value of work performed. Work elements shall be limited to those tasks, which will indicate the progress of the work and which, may be readily identified and measured by personnel monitoring the contractor's progress. Normally the percentage factors of each work element should be related to the total value of the contract. This may vary, however, depending on the percentage factor the Contracting Officer chooses to assign for materials stored on-site. Consideration for materials stored on-site should be limited to major high cost items. It is not the policy of the Air Force to pay the contractor for miscellaneous low dollar value items prior to installation. Payment will not be made for materials stored off-site. Payments for materials in advance of installation are at the discretion of the Contracting Officer and will be substantiated with paid invoices. The Government does not guarantee that any material payments will be made.

b. AF Form 3065, Contract Progress Report, shall be used to satisfy the requirement of periodic progress reporting by one of the following methods, at the discretion of the Contracting Officer:

1. Separate reports covering the same period will be prepared by the contractors and by the Civil Engineer or their designees.
2. The contractor shall prepare the report and route it through Civil Engineering. The Civil Engineer or their designees shall review the report and make necessary comments and forward it to the base contracting office for action.
3. Appropriate action shall be taken to resolve any significant variances of five percent or more in the percent of progress reported by the contractor and the Civil Engineer.

c. Appropriate revisions shall be made to the existing AF Form 3064, or a revised form obtained, whenever a contract modification causes a change in the original progress schedule. A revised AF Form 3064 shall be obtained whenever the performance period is extended for 60 days or more. Upon completion of the contract, the actual completion date shall be entered on the AF Form 3064 and the form, together with all supporting copies of AF Form 3065, shall be filed as permanent records.

d. Work elements entered in column B of the AF Form 3064 shall be limited to those tasks which will indicate the progress of the work under the contract, and which may be readily identified and measured by personnel monitoring the contractor's progress. Such elements as preparatory work, supervision, administration, mobilization, demobilization, and cleanup may be considered as appropriate entries when they represent actual progress upon which the Contracting Officer may make a decision regarding approval or disapproval of the contractor's payment estimates.

#### 11. INTERRUPTION OF UTILITY SERVICES

The Government may not be held responsible for interruptions of utility service and will not be liable for contractor delays, damages, or increased costs occasioned by any such interruption of service.

#### 12. UTILITY SERVICES

The Contractor will be required to participate in all Air Force energy conservation programs. Utility services furnished to the contractor by the Government from the Government's existing system outlets and supplies will be at no cost to the Contractor, but see contract clause titled FAR 52.236-14, "Availability and Use of Utility Services," in Section I.

### 13. DAMAGE TO UTILITIES

The contractor shall be responsible for any and all damages to accurately marked utilities resulting from its operations. Further, the contractor shall be held liable for all costs associated with such damages. Such costs include not only the costs to properly repair the damaged utility, but also any direct costs incurred by the government to provide emergency response to the site, as well as for any other monetary losses. Such loss may also include the value of loss of productivity experienced by the government due to loss of power and /or facility evacuation arising from the utility damage.

### 14. DEWATERING PERMIT

The contractor is required to comply with current applicable permits, state regulations, and requirements for any dewatering operations. Specifically, the contractor is required to comply with Alaska Wastewater Disposal Permit No. 9440-DB002 governing dewatering activities, which is hereby incorporated by reference into this contract. In accordance with the subject permit, wastewater discharged or diverted from any construction activity such as culvert placement, gravel mining, bridge construction, and building construction must comply with Alaska Water Quality Standards as well as the limitations in Permit No. 9440-DB002. In addition, the contractor is required to notify the State of Alaska at least two weeks before discharging any water from the construction site when the total volume of water to be discharged or moved exceeds 500,000 gallons. This notification must meet the requirements of Appendix A, Section I of Permit 9440-DB002. Nothing in this section relieves the contractor of its obligation under the Federal Acquisition Regulation Permits and Responsibilities Clause to comply with all applicable environmental standards and laws.

### 15. FINAL INSPECTION

Final Inspection will be conducted during the period of Monday through Friday between 0800 hours and 1600 hours. The Contractor must notify the Contracting Officer in writing a minimum of five (5) calendar days prior to completion date. Final Inspection falling due on weekends, legal holidays, and 354th Wing down days will be postponed to the following workday.

### 16. TELECOMMUNICATIONS MONITORING AND ASSESSMENT PROGRAM (TMAP)(IAW AFI 33-219)

All communications within DOD organizations are subject to TMAP review. Contractor personnel will be aware that telecommunications networks are continually subject to intercept by unfriendly intelligence organizations. The DOD has authorized the military departments to conduct COMSEC monitoring and recording of telephone calls originating or terminating at DOD organizations. Therefore, civilian contractor personnel are advised that anytime they place a call to or receive a call from a USAF organization, they are subject to TMAP procedures. The Contractor will assume the responsibility for ensuring wide and frequent dissemination of the above information to all employees dealing with official DOD information.

### 17. HAZARDOUS MATERIAL REPORTING

a. The contractor shall submit an initial Hazardous Material Report within 10 calendar days after award, to the Base Contracting Office. Hazardous material is defined as any material that requires a Material Safety Data Sheet (MSDS) in accordance with 29 CFR 1910.1200 and Federal Standard 313c, paragraph 3.3. This initial Hazardous Material Report will be reviewed and annotated by the Base Bioenvironmental Office to identify which hazardous materials shall be tracked and reported by the contractor in a Hazardous Material Usage Report, discussed later.

b. The initial Hazardous Material Report will be returned to the contractor within 30 calendar days after submission. The initial Hazardous Material Report shall include the following information and follow the format indicated below:

1. Hazardous Material Product Name

2. MSDS Serial #, Estimated quantity that will be stored and used on Eielson AFB, in direct support of contract performance for the calendar year.

c. The contractor shall submit an annual Hazardous Material Usage Report for hazardous material used in direct support of contract performance at Eielson AFB. The report shall show:

1. Maximum quantity of hazardous material stored on Eielson AFB
2. Quantity used on Eielson AFB
3. Quantity removed from Eielson AFB.

This report is due to the Base Contracting Office within 20 calendar days after completion of the contract or within 20 calendar days after 31 December of each calendar year, whichever comes first. The annual Hazardous Material Report shall include the following information and follow the format indicated below:

Hazardous Material Product Name, MSDS Serial #, the Total Quantity of the hazardous material that was stored on Clear AFS during the calendar year, Total Quantity used on Clear AFS during the calendar year, and the Total Removed from Clear AFS at the completion of subject contract.

#### 18. DYNAMIC SMALL BUSINESS SEARCH PROGRAM

All contractors are requested to utilize the Dynamic Small Business Search Program to assist them in obtaining resources to meet their contractual requirements. Dynamic Small Business Search is an electronic gateway of procurement information – for and about small businesses. It is a search engine for Contracting Officers, a marketing tool for small firms and a “link” to procurement opportunities and important information. It is designed to be a “virtual” one-stop-procurement-shop. Dynamic Small Business Search is an Internet based database of information on small, disadvantaged, 8(a) and women-owned businesses. It is free to federal and state Government agency as well as prime and other contractors seeking small business contractors, subcontractors and/or partnership opportunities. The SBA home page address is: [http://dsbs.sba.gov/dsbs/dsp\\_dsbs.cfm](http://dsbs.sba.gov/dsbs/dsp_dsbs.cfm).

#### 19. INVESTIGATION OF DAMAGE OR INJURY

The United States Government will have the right to conduct an investigation, or participate in the Contractor's investigation, of any damage or injury to United States Government property, equipment or personnel.

#### 20. CONSTRUCTION EQUIPMENT

Equipment and vehicles to be used on base shall be safe and in good operating condition. The Contracting Officer, or authorized representative, reserves the right to inspect any on-base equipment and reject such equipment if he/she considers it unsafe, in poor operating condition, or inappropriate for work. Contractor must notify the Contracting Officer of any Contractor equipment that is broken down on roads. Every effort should be made to move broken down equipment to the nearest parking lot before leaving it.

#### 21. CELL PHONE USE IN VEHICLES

Contractors operating motor vehicles on all PACAF installations WILL NOT use cell phones unless the vehicle is safely parked or they are using a hands-free device. Violation of this policy will result in loss of on-base driving privileges for 30 days.

### 52.215-2 AUDIT AND RECORDS--NEGOTIATION (MAR 2009) - ALTERNATE I MAR 2009)

(a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) Examination of costs. If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the contract. The obligations and rights specified in this paragraph shall extend to the use of, and charges for the use of, the facilities under this contract.

(c) Cost or pricing data. If the Contractor has been required to submit cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to--

- (1) The proposal for the contract, subcontract, or modification;
- (2) The discussions conducted on the proposal(s), including those related to negotiating;
- (3) Pricing of the contract, subcontract, or modification; or
- (4) Performance of the contract, subcontract or modification.

(d) Comptroller General or Inspector General. (1) The Comptroller General of the United States, an appropriate Inspector General appointed under section 3 or 8G of the Inspector General Act of 1978 (5 U.S.C. App.), or an authorized representative of either of the foregoing officials, shall have access to and the right to—

(i) Examine any of the Contractor's or any subcontractor's records that pertain to and involve transactions relating to this contract or a subcontract hereunder; and

(ii) Interview any officer or employee regarding such transactions.

(2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Reports. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating (1) the effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of these reports and (2) the data reported.

(f) Availability. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition--

(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) (1) Except as provided in paragraph (g)(2) of this clause, the Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract. The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

(2) The authority of the Inspector General under paragraph (d)(1)(ii) of this clause does not flow down to subcontracts.

The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

### 52.222-39 NOTIFICATION OF EMPLOYEE RIGHTS CONCERNING PAYMENT OF UNION DUES OR FEES (DEC 2004)

(a) Definition. As used in this clause--

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b) Except as provided in paragraph (e) of this clause, during the term of this contract, the Contractor shall post a notice, in the form of a poster, informing employees of their rights concerning union membership and payment of

union dues and fees, in conspicuous places in and about all its plants and offices, including all places where notices to employees are customarily posted. The notice shall include the following information (except that the information pertaining to National Labor Relations Board shall not be included in notices posted in the plants or offices of carriers subject to the Railway Labor Act, as amended (45 U.S.C. 151-188)).

#### Notice to Employees

Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

For further information concerning your rights, you may wish to contact the National Labor Relations Board (NLRB) either at one of its Regional offices or at the following address or toll free number:

National Labor Relations Board  
Division of Information  
1099 14th Street, N.W.  
Washington, DC 20570  
1-866-667-6572  
1-866-316-6572 (TTY)

To locate the nearest NLRB office, see NLRB's website at <http://www.nlr.gov>.

(c) The Contractor shall comply with all provisions of Executive Order 13201 of February 17, 2001, and related implementing regulations at 29 CFR part 470, and orders of the Secretary of Labor.

(d) In the event that the Contractor does not comply with any of the requirements set forth in paragraphs (b), (c), or (g), the Secretary may direct that this contract be cancelled, terminated, or suspended in whole or in part, and declare the Contractor ineligible for further Government contracts in accordance with procedures at 29 CFR part 470, Subpart B--Compliance Evaluations, Complaint Investigations and Enforcement Procedures. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 470, which implements Executive Order 13201, or as are otherwise provided by law.

(e) The requirement to post the employee notice in paragraph (b) does not apply to--

- (1) Contractors and subcontractors that employ fewer than 15 persons;
- (2) Contractor establishments or construction work sites where no union has been formally recognized by the Contractor or certified as the exclusive bargaining representative of the Contractor's employees;
- (3) Contractor establishments or construction work sites located in a jurisdiction named in the definition of the United States in which the law of that jurisdiction forbids enforcement of union-security agreements;
- (4) Contractor facilities where upon the written request of the Contractor, the Department of Labor Deputy Assistant Secretary for Labor-Management Programs has waived the posting requirements with respect to any of the Contractor's facilities if the Deputy Assistant Secretary finds that the Contractor has demonstrated that--

(i) The facility is in all respects separate and distinct from activities of the Contractor related to the performance of a contract; and

(ii) Such a waiver will not interfere with or impede the effectuation of the Executive order; or

(5) Work outside the United States that does not involve the recruitment or employment of workers within the United States.

(f) The Department of Labor publishes the official employee notice in two variations; one for contractors covered by the Railway Labor Act and a second for all other contractors. The Contractor shall--

(1) Obtain the required employee notice poster from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N-5605, Washington, DC 20210, or from any field office of the Department's Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Download a copy of the poster from the Office of Labor-Management Standards website at <http://www.olms.dol.gov>; or

(3) Reproduce and use exact duplicate copies of the Department of Labor's official poster.

(g) The Contractor shall include the substance of this clause in every subcontract or purchase order that exceeds the simplified acquisition threshold, entered into in connection with this contract, unless exempted by the Department of Labor Deputy Assistant Secretary for Labor-Management Programs on account of special circumstances in the national interest under authority of 29 CFR 470.3(c). For indefinite quantity subcontracts, the Contractor shall include the substance of this clause if the value of orders in any calendar year of the subcontract is expected to exceed the simplified acquisition threshold. Pursuant to 29 CFR part 470, Subpart B--Compliance Evaluations, Complaint Investigations and Enforcement Procedures, the Secretary of Labor may direct the Contractor to take such action in the enforcement of these regulations, including the imposition of sanctions for noncompliance with respect to any such subcontract or purchase order. If the Contractor becomes involved in litigation with a subcontractor or vendor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

#### 52.225-21 REQUIRED USE OF AMERICAN IRON, STEEL, AND OTHER MANUFACTURED GOODS—BUY AMERICAN ACT—CONSTRUCTION MATERIALS (MAR 2009)

(a) Definitions. As used in this clause—

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Domestic construction material means—

- (1) An unmanufactured construction material mined or produced in the United States; or
- (2) A construction material manufactured in the United States.

Foreign construction material means a construction material other than a domestic construction material.

Manufactured construction material means any construction material that is not unmanufactured construction material.

Steel means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

Unmanufactured construction material means raw material brought to the construction site for incorporation into the building or work that has not been—

- (1) Processed into a specific form and shape; or
- (2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

(b) Domestic preference.

(1) This clause implements—

(i) Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring, unless an exception applies, that all iron, steel, and other manufactured goods used as construction material in the project are produced in the United States; and

(ii) The Buy American Act (41 U.S.C. 10a - 10d) by providing a preference for unmanufactured domestic construction material.

(2) The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraph (b)(3) and (b)(4) of this clause.

(3) This requirement does not apply to the construction material or components listed by the Government as follows:

---

(Contracting Officer to list applicable excepted materials or indicate “none”)

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) The cost of domestic iron, steel, or other manufactured goods used as construction material is unreasonable when the cumulative cost of such material will increase the cost of the contract by more than 25 percent;

(B) The cost of unmanufactured construction material is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

(iii) The application of the restriction of section 1605 of the Recovery Act or the Buy American Act to a particular construction material would be inconsistent with the public interest.

(c) Request for determination of inapplicability of Section 1605 of the Recovery Act or the Buy American Act.

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(4) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this clause.

(iii) The cost of construction material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to section 1605 of the Recovery Act or the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable cost of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to section 1605 of the Recovery Act or the Buy American Act applies, use of foreign construction material is noncompliant with section 1605 of the American Recovery and Reinvestment Act or the Buy American Act.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Cost Comparison

Construction Material Description	Unit of Measure	Quantity	Cost (Dollars)*
--------------------------------------	--------------------	----------	-----------------

Item 1:

Foreign construction material \_\_\_\_\_

Domestic construction material \_\_\_\_\_

Item 2:

Foreign construction material \_\_\_\_\_

Domestic construction material \_\_\_\_\_

(List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.)

(Include other applicable supporting information.)

(\* Include all delivery costs to the construction site.)

(End of clause)

## 52.228-1 BID GUARANTEE (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds, (1) to unsuccessful bidders as soon as practicable after the opening of bids, and (2) to the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.-

(c) The amount of the bid guarantee shall be **20 (Twenty)** percent of the bid price.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.-

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of clause)

## 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

**<http://farsite.hill.af.mil>**

(End of clause)

**252.236-7001 CONTRACT DRAWINGS AND SPECIFICATIONS (AUG 2000)**

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall--

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

- (1) Large-scale drawings shall govern small-scale drawings; and
- (2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

**REPAIR COOLING PONDS AT CLEAR AIR FORCE STATION, ALASKA  
PROJECT NO. DXEB 92-1001**

(End of clause)

**5352.201-9101****OMBUDSMAN (AUG 2005)**

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

(c) If resolution cannot be made by the contracting officer, concerned parties may contact the Center/MAJCOM ombudsmen,

354 Contracting Squadron  
Attn: Major James O'Quinn and/or Contracting Commander  
354 Broadway Street, Unit 5B  
Eielson AFB, AK 99702  
Phone: 907-377-2441  
Fax: 907-377-4647  
E-mail: [354cons.cc@eielson.af.mil](mailto:354cons.cc@eielson.af.mil)

Concerns, issues, disagreements, and recommendations that cannot be resolved at the MAJCOM/DRU level, may be brought by the concerned party for further consideration to the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (703) 588-7004, facsimile number (703) 588-1067.

(d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer.

(End of clause)

#### **5352.242-9000 CONTRACTOR ACCESS TO AIR FORCE INSTALLATIONS (AUGUST 2007)**

(a) The contractor shall obtain base identification and vehicle passes, if required, for all contractor personnel who make frequent visits to or perform work on the Air Force installation(s) cited in the contract. Contractor personnel are required to wear or prominently display installation identification badges or contractor-furnished, contractor identification badges while visiting or performing work on the installation.

(b) The contractor shall submit a written request on company letterhead to the contracting officer listing the following: contract number, location of work site, start and stop dates, and names of employees and subcontractor employees needing access to the base. The letter will also specify the individual(s) authorized to sign for a request for base identification credentials or vehicle passes. The contracting officer will endorse the request and forward it to the issuing base pass and registration office or security police for processing. When reporting to the registration office, the authorized contractor individual(s) should provide a valid driver's license, current vehicle registration, valid vehicle insurance certificate, and

**ANY ADDITIONAL REQUIREMENTS TO COMPLY WITH LOCAL SECURITY PROCEDURES** to obtain a vehicle pass.

(c) During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

(d) When work under this contract requires unescorted entry to controlled or restricted areas, the contractor shall comply with AFI 31-101, Volume 1, The Air Force Installation Security Program, and AFI 31-501, Personnel Security Program Management, as applicable.

(e) Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification passes issued to employees and subcontractor employees are returned to the issuing office.

(f) Failure to comply with these requirements may result in withholding of final payment.

## 52.204-8 ANNUAL REPRESENTATIONS AND CERTIFICATIONS (FEB 2009)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is 237110.

(2) The small business size standard is \$33,500,000.

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b)(1) If the clause at 52.204-7, Central Contractor Registration, is included in this solicitation, paragraph (d) of this provision applies.

(2) If the clause at 52.204-7 is not included in this solicitation, and the offeror is currently registered in CCR, and has completed the ORCA electronically, the offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The offeror shall indicate which option applies by checking one of the following boxes:

☐ Paragraph (d) applies.

☐ Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c)(1) The following representations or certifications in ORCA are applicable to this solicitation as indicated:

(i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless--

(A) The acquisition is to be made under the simplified acquisition procedures in Part 13;

(B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or

(C) The solicitation is for utility services for which rates are set by law or regulation.

(ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$100,000.

(iii) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the clause at 52.204-7, Central Contractor Registration.

(iv) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that--

(A) Are not set aside for small business concerns;

(B) Exceed the simplified acquisition threshold; and

(C) Are for contracts that will be performed in the United States or its outlying areas.

(v) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(vi) 52.214-14, Place of Performance--Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

(vii) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.

(viii) 52.219-1, Small Business Program Representations (Basic & Alternate I). This provision applies to solicitations when the contract will be performed in the United States or its outlying areas.

(A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.

(B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(ix) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract will be performed in the United States or its outlying areas.

(x) 52.222-22, Previous Contracts and Compliance Reports. This provision applies to solicitations that include the clause at 52.222-26, Equal Opportunity.

(xi) 52.222-25, Affirmative Action Compliance. This provision applies to solicitations, other than those for construction, when the solicitation includes the clause at 52.222-26, Equal Opportunity.

(xii) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial items.

(xiii) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of USDA-designated items; or include the clause at 52.223-2, Affirmative Procurement of Biobased Products Under Service and Construction Contracts.

(xiv) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xv) 52.225-2, Buy American Act Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xvi) 52.225-4, Buy American Act--Free Trade Agreements—Israeli Trade Act Certificate. (Basic, Alternate I, and Alternate II) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$25,000, the basic provision applies.

(B) If the acquisition value is \$25,000 or more but is less than \$50,000, the provision with its Alternate I applies.

(C) If the acquisition value is \$50,000 or more but is less than \$67,826, the provision with its Alternate II applies.

(xvii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xviii) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan--Certification.

(xix) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to--

(A) Solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions; and

(B) For DoD, NASA, and Coast Guard acquisitions, solicitations that contain the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns.

(2) The following certifications are applicable as indicated by the Contracting Officer:

(Contracting Officer check as appropriate.)

----(i) 52.219-19, Small Business Concern Representation for the Small Business Competitiveness Demonstration Program.

----- (ii) 52.219-21, Small Business Size Representation for Targeted Industry Categories Under the Small Business Competitiveness Demonstration Program.

----- (iii) 52.219-22, Small Disadvantaged Business Status.

----- (A) Basic.

----- (B) Alternate I.

----- (iv) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

----- (v) 52.222-48, Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment Certification.

----- (vi) 52.222-52 Exemption from Application of the Service Contract Act to Contracts for Certain Services-- Certification.

----- (vii) 52.223-9, with its Alternate I, Estimate of Percentage of Recovered Material Content for EPA-Designated Products (Alternate I only).

----- (viii) 52.223-13, Certification of Toxic Chemical Release Reporting.

----- (ix) 52.227-6, Royalty Information.

----- (A) Basic.

----- (B) Alternate I.

----- (x) 52.227-15, Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically via the Online Representations and Certifications Application (ORCA) website at <http://orca.bpn.gov>. After reviewing the ORCA

database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below (offeror to insert changes, identifying change by clause number, title, date). These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clause	Title	Date	Change
-----	-----	-----	-----
----	-----	----	----
-----	-----	-----	-----

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on ORCA.

**52.222-23 NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY FOR CONSTRUCTION (FEB 1999)**

(a) The offeror's attention is called to the Equal Opportunity clause and the Affirmative Action Compliance Requirements for Construction clause of this solicitation.

(b) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Goals for minority participation for each trade	Goals for female participation for each trade
<b><u>18%</u></b>	<b><u>3.5%</u></b>

These goals are applicable to all the Contractor's construction work performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, the Contractor shall apply the goals established for the geographical area where the work is actually performed. Goals are published periodically in the Federal Register in notice form, and these notices may be obtained from any Office of Federal Contract Compliance Programs office.

(c) The Contractor's compliance with Executive Order 11246, as amended, and the regulations in 41 CFR 60-4 shall be based on (1) its implementation of the Equal Opportunity clause, (2) specific affirmative action obligations required by the clause entitled "Affirmative Action Compliance Requirements for Construction," and (3) its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade. The Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor, or from project to project, for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, Executive Order 11246, as amended, and the regulations in 41 CFR 60-4. Compliance with the goals will be measured against the total work hours performed.

(d) The Contractor shall provide written notification to the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, within 10 working days following award of any construction subcontract in

excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the --

- (1) Name, address, and telephone number of the subcontractor;
  - (2) Employer's identification number of the subcontractor;
  - (3) Estimated dollar amount of the subcontract;
  - (4) Estimated starting and completion dates of the subcontract; and
  - (5) Geographical area in which the subcontract is to be performed.
- (e) As used in this Notice, and in any contract resulting from this solicitation, the "covered area" is

**State: Alaska**  
**County: Denali Borough**  
**City: Clear Air Force Station**

#### 252.204-7007 ANNUAL REPRESENTATIONS AND CERTIFICATIONS (52.204-8) ALTERNATE A

- (a)(1) The North American Industry Classification System (NAICS) code for this acquisition is **237110**.
- (2) The small business size standard is **\$33,500,000**.
- (3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.
- (b)(1) If the clause at 52.204-7, Central Contractor Registration, is included in this solicitation, paragraph (c) of this provision applies.
- (2) If the clause at 52.204-7 is not included in this solicitation, and the offeror is currently registered in CCR, and has completed the ORCA electronically, the offeror may choose to use paragraph (b) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The offeror shall indicate which option applies by checking one of the following boxes:
- ☐ Paragraph (c) applies.
- ☐ Paragraph (c) does not apply and the offeror has completed the individual representations and certifications in the solicitation.
- (c) The offeror has completed the annual representations and certifications electronically via the Online Representations and Certifications Application (ORCA) Web site at <https://orca.bpn.gov/>.

After reviewing the ORCA database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [offeror to insert changes, identifying

change by clause number, title, date]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

## Section L - Instructions, Conditions and Notices to Bidders

**PROPOSAL PREPARATION INSTRUCTIONS**

A. To assure timely and equitable evaluation of proposals, Offerors must follow the instructions contained herein. Offerors are required to meet all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. Failure to meet a requirement may result in an offer being ineligible for award. Offerors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. The response shall consist of two (2) separately bound parts, **Part I** - Price Proposal, and **Part II** - Past Performance Information.

B. The contracting officer has determined there is a high probability of adequate price competition in this acquisition. Upon examination of the initial offers, the contracting officer will review this determination and if, in the contracting officer's opinion, adequate price competition exists no additional cost information will be requested and certification under [FAR 15.406-2](#) will not be required. However, if at any time during this competition the contracting officer determines that adequate price competition no longer exists; Offerors may be required to submit information to the extent necessary for the contracting officer to determine the reasonableness and affordability of the price.

## C. Specific Instructions:

1. **PART I – PRICE PROPOSAL** - *Submit original and one (1) copy*

(a) Complete blocks 14 through 20c of the RFP Section A, (SF 1442). In doing so, the Offeror accedes to the contract terms and conditions as written in the RFP Sections A through K. These sections constitute the model contract.

(b) Insert proposed unit prices in Section B for each Contract Line Item Number (CLIN). The extended amount must equal the whole dollar unit price multiplied by the number of units.

(c) Complete the necessary fill-ins and certifications in Sections I through K. Section K shall be returned in its entirety. For Sections C through I, the Offeror shall submit only those pages that require a fill-in.

(d) SF 30 – Amendment of Solicitation/Modification of Contract (Applicable if amendments are not acknowledged on Block 19 of the SF 1442).

(e) The Offeror shall provide data on its financial capability. The Financial Data form identified in Section J, as Attachment JA-4 shall be used to provide the financial information.

(f) **\*\*Offerors requesting a preaward determination of the inapplicability of Section 1605 of the Recovery Act or the Buy American Act for specifically identified construction material shall comply with the provisions of FAR 52.225-10 and FAR 52.225-22. Offerors are cautioned that failure to submit an alternate offer based on use of equivalent domestic construction material may result in their exclusion from the competition if the Government determines that an exception permitting use of a particular foreign construction material does not apply and decides to exercise their right to make award without holding discussion or providing an opportunity for revision of proposals.\*\***

2. **PART II – PAST PERFORMANCE INFORMATION** - *Submit original plus one (1) copy.*

(a) **Quality and Satisfaction Rating for Contracts Completed in the Past Three Years:** Provide any information currently available (letters, metrics, customer surveys, independent surveys, etc.) which demonstrates customer satisfaction with overall job performance and quality of completed product for same

or similar type contract. In addition, explain corrective actions taken in the past, if any, for substandard performance and any current performance problems such as cost overruns, extended performance periods, numerous warranty calls, etc.

(b) **Performance Surveys:** The government will evaluate the quality and extent of Offeror's performance deemed relevant to the requirements of this RFP. The government will use information submitted by the Offeror and other sources such as other Federal Government offices and commercial sources, to assess performance. Provide a list of no more than ten (10), of the most relevant contracts performed for Federal agencies and commercial customers within the last three (3) years. **Relevant contract means the performance being considered must have a logical connection to the work described in the solicitation.** Normally, relevance would include such aspects as the product or service similarity, product or service complexity, contract type, program or lifecycle phase, contract environment, division of company proposing, subcontractor interaction and magnitude. Furnish the following information for each contract listed:

- (i) Company/Division name
- (ii) Product/Service
- (iii) Contracting Agency/Customer
- (iv) Contract Number
- (v) Contract Dollar Value
- (vi) Period of Performance
- (vii) Verified, up-to-date name, address, email, FAX and telephone number of the Contracting Officer
- (viii) Comments regarding compliance with contract terms and conditions
- (ix) Comments regarding any known performance deemed unacceptable to the customer, or not in accordance with the contract terms and conditions.

(c) **Questionnaires:** The questionnaire must be forwarded to a verifiable point of contact at each agency/customer for completion and return directly to:

**Fax :** (907) 377-2547 Attn: MSgt Vance Farrell / SSgt Ruben Mindieta / A1C Philip Cirrincione

**Email:** [vance.farrell@eielson.af.mil](mailto:vance.farrell@eielson.af.mil) / [ruben.mindieta@eielson.af.mil](mailto:ruben.mindieta@eielson.af.mil) / [philip.cirrincione@eielson.af.mil](mailto:philip.cirrincione@eielson.af.mil)

**Note: Completed questionnaires shall be submitted no later than the proposal due date.**

(d) **Teaming Arrangements:** If a teaming arrangement is contemplated, provide complete information as to the arrangement, including any relevant and recent past/present performance information on previous teaming arrangements with same partner. If this is a first time joint effort, each party to the arrangement must provide a list of past and present relevant contracts.

(e) **Subcontractor Consent:** Past performance information pertaining to a subcontractor cannot be disclosed to the prime Offeror without the subcontractor's consent. Provide with the proposal a letter from all subcontractors that will perform major or critical aspects of the requirement, consenting to the release of their past performance information to the prime contractor.

D. Documents submitted in response to this Request For Proposal (RFP) must be fully responsive to and consistent with the following:

(a) Requirements of the Request For Proposal CLINs and Performance Work Statement (PWS), and Government standards and regulations pertaining to the PWS.

(b) Evaluation Factors for Award in Section M of this RFP.

(c) Any limitation on the number of proposals pages. Pages exceeding the page limitation set forth in this Section L will not be read or evaluated and will be removed from the proposal.

(d) Format for Proposal Part II shall be as follows:

- (i) A page is defined as one face on an 8 ½" x 11" sheet of paper containing information.
- (ii) Typing shall not be less than 12 pitch.

## DISPOSITION OF PROPOSALS

The original proposal and related information will be retained with the contract file. All extra copies will be destroyed after completion of evaluations.

## HAND CARRIED PROPOSALS

Hand-carried proposals must be deposited at the 354th Contracting Squadron/Construction Flight, 2310 Central Ave, Eielson AFB, Alaska. The sealed envelope or package used to submit your proposal must be marked "SOURCE SELECTION SENSITIVE" and must show the time and date specified for receipt, the Solicitation Number, and the name and address of the Offeror. Offerors are cautioned that Eielson AFB, AK has visitor control procedures requiring individuals not affiliated with the installation to obtain a visitor pass prior to entrance. **SOME DELAY SHOULD BE ANTICIPATED WHEN HAND CARRYING PROPOSALS.** Offerors should allow sufficient time to obtain a visitor pass and arrive at the Contracting Squadron PRIOR to the time specified for receipt.

## QUESTIONS

All questions regarding this solicitation must be submitted in writing. All questions and subsequent answers will be posted to the Federal Business Opportunities website [www.fedbizopps.gov](http://www.fedbizopps.gov). It is the responsibility of the contractor to continuously monitor the site for updates.

## 52.222-5 DAVIS-BACON ACT--SECONDARY SITE OF THE WORK (JUL 2005)

(a)(1) The offeror shall notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Davis-Bacon Act, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror shall request a determination from the Contracting Officer.

(b)(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror shall request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

## 52.225-22 NOTICE OF REQUIRED USE OF AMERICAN IRON, STEEL, AND OTHER MANUFACTURED GOODS—BUY AMERICAN ACT—CONSTRUCTION MATERIALS (MAR 2009)

(a) Definitions. “Construction material,” “domestic construction material,” “foreign construction material,” “manufactured construction material,” “steel,” and “unmanufactured construction material,” as used in this provision, are defined in the clause of this solicitation entitled “Required Use of Iron, Steel, and Other Manufactured Goods—Buy American Act—Construction Materials” (Federal Acquisition Regulation (FAR) clause 52.225-21).

(b) Requests for determinations of inapplicability. An offeror requesting a determination regarding the inapplicability of section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) or the Buy American Act should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-21 in the request. If an offeror has not requested a determination regarding the inapplicability of 1605 of the Recovery Act or the Buy American Act before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) If the Government determines that an exception based on unreasonable cost of domestic construction material applies, the Government will evaluate an offer requesting exception to the requirements of section 1605 of the Recovery Act or the Buy American Act by adding to the offered price of the contract—

(i) 25 percent of the offered price of the contract, if foreign iron, steel, or other manufactured goods are used as construction material based on unreasonable cost of comparable manufactured domestic construction material; and

(ii) 6 percent of the cost of foreign unmanufactured construction material included in the offer based on unreasonable cost of comparable domestic unmanufactured construction material.

(2) If two or more offers are equal in price, the Contracting Officer will give preference to an offer that does not include foreign construction material excepted at the request of the offeror on the basis of unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-21, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer and a separate cost comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-21 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-21 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

## Section M - Evaluation Factors for Award

## BASIS FOR CONTRACT AWARD

This is a competitive best value source selection in which competing offerors' past performance history will be evaluated on a basis *significantly more important than cost or price* considerations. By submission of its offer, the offeror accedes to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. All such offers shall be treated equally except for their prices and performance records. Failure to meet a requirement may result in an offer being determined technically unacceptable. Offerors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. The Contracting Officer shall review any request for preaward determination of the inapplicability of Section 1605 of the Recovery Act or the Buy American Act for specifically identified construction material that accompanies an offer. If the Government determines that an exception permitting use of a particular foreign construction material does not apply any offer that proposes use of foreign construction material not previously allowed by clause 52.225-9 or 52.225-21 (substitute 52.225-11 and 52.225-23 for contracts valued at \$7,443,000 or more) may be eliminated from the competition if the Government decides to award without discussion. The evaluation process shall proceed as follows:

A. Initially offers shall be ranked according to price, including any option prices if applicable. An offeror's proposed prices will be determined by multiplying the quantities identified in Section B by the proposed unit price for priced Contract Line Item Number 0001 and Subcontract Line Item Numbers 0003AA, 0003AB, 0003AC and 0003AD to confirm the extended amount for each. The extended amounts will be added together to determine the total evaluated price. When applicable, the price evaluation adjustment for HUBZone small business concerns will be applied in accordance with [FAR 52.219-4](#), Notice of Price Evaluation Preference for HUBZone Small Business Concerns, to arrive at an evaluated price. The price evaluation will document (for the offers evaluated under paragraph B below) the reasonableness and affordability of the proposed total evaluated price.

B. Using questionnaires, the contracting officer shall seek relevant performance information on each offeror based on (1) the past and present efforts provided by the offeror and (2) data independently obtained from other government and commercial sources. Relevant performance includes performance of efforts involving projects that have a logical connection and that are similar or greater in scope, magnitude and complexity than the effort described in this solicitation. The purpose of the past performance evaluation is to allow the government to assess the offeror's ability to perform the effort described in this RFP, based on the offeror's demonstrated present and past performance. The assessment process will result in an overall performance confidence assessment of Substantial Confidence, Satisfactory Confidence, Limited Confidence, No Confidence, or Unknown Confidence as defined in [MP5315.3](#), Table 3. Past performance regarding predecessor companies, key personnel who have relevant experience, or sub-contractors that will perform major or critical aspects of the requirement will/will not be considered as highly as past performance information for the principal offeror. Offerors with no relevant past or present performance history or the offeror's performance record is so limited that no confidence assessment rating can be reasonably assigned shall receive the rating "Unknown Confidence," meaning the rating is treated neither favorably nor unfavorably.

Rating	Definition
Substantial Confidence	Based on the offeror's performance record, the government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's performance record, the government has an expectation that the offeror will successfully perform the required effort.
Limited Confidence	Based on the offeror's performance record, the government has a low expectation that the offeror will successfully perform the required

	effort.
No Confidence	Based on the offeror's performance record, the government has no expectation that the offeror will successfully perform the required effort.
Unknown Confidence	No performance record is identifiable or the offeror's performance record is so sparse that no confidence assessment rating can be reasonably assigned.

C. In evaluating past performance, the government reserves the right to give greater consideration to information on those contracts deemed most relevant to the effort described in this RFP.

D. If the lowest priced evaluated offer is judged to have a Substantial Confidence performance assessment, that offer represents the best value for the government and the evaluation process stops at this point. Award shall be made to that offeror without further consideration of any other offers.

E. If the lowest priced offeror is not judged to have a Substantial Confidence performance confidence assessment, the next lowest priced offeror will be evaluated and the process will continue (in order by price) until an offeror is judged to have a Substantial Confidence performance confidence assessment or until all offerors are evaluated. The Source Selection Authority shall then make an integrated assessment best value award decision.

F. Offerors are cautioned to submit sufficient information and in the format specified in Section "L"

G. Offerors may be asked to clarify certain aspects of their proposal (*for example*, the relevance of past performance information) or respond to adverse past performance information to which the offeror has not previously had an opportunity to respond. Adverse past performance is defined as past performance information that supports a less than satisfactory rating on any evaluation element or any unfavorable comments received from sources without a formal rating system. Communication conducted to resolve minor or clerical errors will not constitute discussions and the contracting officer reserves the right to award a contract without the opportunity for proposal revision.

H. The government intends to award a contract without discussions with respective offerors. The government, however, reserves the right to conduct discussions if deemed in its best interest.
